Pregnancy Resource Centers

Every year, nearly 300 women walk through the doors of Options Pregnancy Resource Centers. Many of them feel abortion is their only solution to an unplanned pregnancy. At Options, they have a safe place to talk through their decision, see their baby on ultrasound, and experience the love of Jesus. Seven out of ten of these women choose life instead of abortion.

Bella\* was one of these women. During her appointment on the Options mobile clinic, she and her partner encountered life in the midst of overwhelming circumstances, first when they saw the ultrasound of their baby and again when they heard about Jesus' love for them. They left with tears in their eyes, empowered to love their child, enroll in an addiction recovery program, and pursue Jesus.

By partnering with Options, you can help provide the love, support, and information women like Bella need to make life-affirming decisions.

“We know *Love* by this,  
that He laid down His *Life* for us;  
and we ought to lay down our lives for the brethren.”

— 1 John 3:16
